Discuss IT Topic 6: Where is our country headed?

Discuss IT Topic: Over the last week, our country has had growing concerns on immigration bans, border safety, and executive orders that remind us of issues that have been plaguing our country for years. Now that Trump has been elected President, there has been people threatening to blow up the White House, human right protests, and a plethora of other sensitive subject matters that are very compelling to individual groups of people. Why have these issues come up now as we head into a time in which it seems no one is going to be happy with the outcomes? Will this create a split in this country and place citizens against one another when it comes to their views? In your opinion, what other topics are at the forefront of concern? Explain...

Response: Please make sure all grammar, spelling, indentation, and punctuation is correct.

A problem that is going on in the united states would be the illegal immigrants because illegal immigrants are taking money from Americans that pay taxes. Immigrants are benefitting from tax payers and there not doing anything. Tax payers give immigrants food and other stuff that legal people that have no money would love to have, but immigrants are not doing anything for that.
